

STUDENT UNION

From Students
to Students!

Student Union KOE

KOE is the student union of LAB University of Applied Sciences, dedicated to making your student life the best time of your life! KOE acts as the advocate for students,

ensuring that your studies go as smoothly as possible. Our goal is to create a supportive and community-oriented environment where every student can succeed and fully enjoy their student life.

This is what we do

KOE's activities comprehensively cover the needs and wishes of students. We offer tutoring to ensure new students feel welcome and at home from the very start. Our advocacy team ensures that students' voices are heard in all important decisions. Additionally, we organize various events

that enrich student culture and provide fun moments throughout the year. Activities take place in both Lappeenranta and Lahti, and on the Lahti campus, you can also enjoy the offerings of the Lamkooma café.

**Our services are for every student.
Don't hesitate to reach out and ask us
anything – we're here to help!**

Member Services

Pay membership, buy overall badges and KOE's products, and get a new sticker for your student card at the member service points on the Lahti and Lappeenranta campuses, where you can also get comprehensive help and advice.

You can ask for guidance on using the inner courtyard grill or the sewing machine in the organization space and pay the sewing machine usage fee. Additionally, you can get information about the hot tub in Lahti.

Membership Benefits

As KOE's member, you receive a student card, either physical or mobile, which entitles you to many student benefits and discounts. With the card, you get discounts on train and bus tickets and at local restaurants and cafes. The Slice.fi app gives you access to thousands of exclusive member benefits across Finland. As KOE's member, you are also insured at our sports events and have the right to participate in representative elections. Additionally, members receive discounts on tickets for KOE's events and products at Lahti campus and Lappeenranta campus.
