**LYMPOS**

**Baltic herring trawl-fishing and  
fish production since 1993**

# 30 years of high-quality fish from Baltic sea

**TROOLARI OLYMPOS OY** is a Finnish company established in 1993. We specialize in catching, processing, and distributing fresh and frozen fish domestically and internationally. Located in Uusikaupunki's fishing port area, our facilities include an office, fish grading station, EU-approved

freezing plant, and cold store. With 2 trawlers equipped with RSW-tanks and a modern grading plant conforming to EU standards, we ensure optimal quality. Our freezing capacity is 60 tons per day, supported by a cold storage facility that can hold 500 tons.

**We have twelve partnership countries and we deliver up to 15 million kilos fish annually.**

1993  
Trawl-fishing begins

2000  
Construction of production hall

2002  
EU-approval granted

2006  
Increased exports and expansion of production

2020
