What’s Mäntsälä like?
Let us show you!
Mäntsälä is transforming

Located in the Helsinki metropolitan area, Mäntsälä invests greatly in the well-being of its residents. These investments can be seen as new kindergartens, schools and residential areas, as well as increasingly diverse culture and sports services. The town centre has also been given a new look.

The people who live here are nice, and easy to get to know. New residents receive a warm welcome!

Things are happening in Kapina-tori (Rebellion Square)! The renovation of the town’s marketplace was completed at the end of 2019. Mäntsälä hosts a variety of events throughout the year, for which the Square can be rented.

In recent years, Mäntsälä has invested a great deal in new kindergarten and school buildings, some of which are located in the surrounding villages. The total amount invested is approximately 57 million euro. The new kindergartens and primary schools have been combined under the same roof to facilitate the busy everyday lives of large families. After upper secondary school, pupils can continue their studies in Mäntsälä High School or at Keuda, which offers vocational education and training. The Faculty of Veterinary Medicine of the University of Helsinki also operates in Mäntsälä. Powerful fiber-optic connections make distance learning and remote work possible at home – and provide entertainment!

Mäntsälä's social and health services are organized in cooperation with the Joint Municipal Authority for Social and Healthcare of Central Uusimaa (Keusote). Mäntsälä also has its own health center.

In addition to well-managed municipal services, Mäntsälä hosts a wide range of private services, providing easy access to everything you need for everyday life.

The aim of Mäntsälä’s cultural services is to offer residents a wide range of cultural activities. In addition to providing funding for the cultural activities of associations, the municipality also offers the use of its facilities for cultural activities. The latest investment is the Kulttuurimeijeri (Culture Dairy), which opens its doors in early 2020, and offers a space for events such as concerts and theater performances. The Kulttuurimeijeri will also contain the new Cinema Mäntsälä. In addition to the Kulttuurimeijeri, different cultural events can be held in the council hall of the Mäntsälä municipal building.

The Mäntsälä Library, which is part of the Kirkes library network, offers local residents a wide range of books, magazines, different recordings and much more. The self-service library facilities can also be used outside the library's opening hours. The municipality's cultural services also include wide-ranging courses at the Mäntsälä Adult Education Centre. The Sepänmäki Handicraft Museum and the Alikartano Manor attract visitors from afar, and the magnificent Mäntsälä Church is definitely worth a visit!

Mäntsälä’s nature, with its forests, lakes and rivers, invites you to be active. Thanks to the Mäntsälänjoki river restoration project, the lit-up riverside route makes exercising there even more enjoyable. The municipality also has other popular nature trails. In the northern part of Mäntsälä is the Haukankierros (Hawk Trail), and Kotojärvi lake is a popular nature reserve area that has lean-tos for hikers.

You can also exercise in the newly renovated sports park in the centre of town. Athletics, tennis, ice hockey, football, swimming and horse riding are among the activities that the municipality offers. Mäntsälä also has several long-standing sports clubs, which warmly welcome new enthusiasts to join in their activities.

The municipality has built two sets of outdoor steps for stair workouts. Challenge yourself!

“There’s no rush-hour traffic in Mäntsälä. Many other towns are only a short distance away, and the railway makes it really easy if you don’t want to drive or don’t have a car.”
