SHORT DISTANCE TO NEIGHBOURING CITIES

Welcome to Merijärvi – a municipality

MERIJÄRVI is a small, high-spirited municipality that invests in good living. That is why those working in the larger, neighbouring municipalities and cities love to live here. Short commutes and affordable, comfortable housing!

Reasonably priced plots, each connected to a speedy fibre-optic network, are available for new homes. A small municipality means quick and agile decision-making and permit processes.

In addition to the option of building your own home, we also have a diverse supply of extremely affordable rental

apartments. Rentals of all sizes are available in both detached houses and terraced houses, the newest of which were completed in 2018.

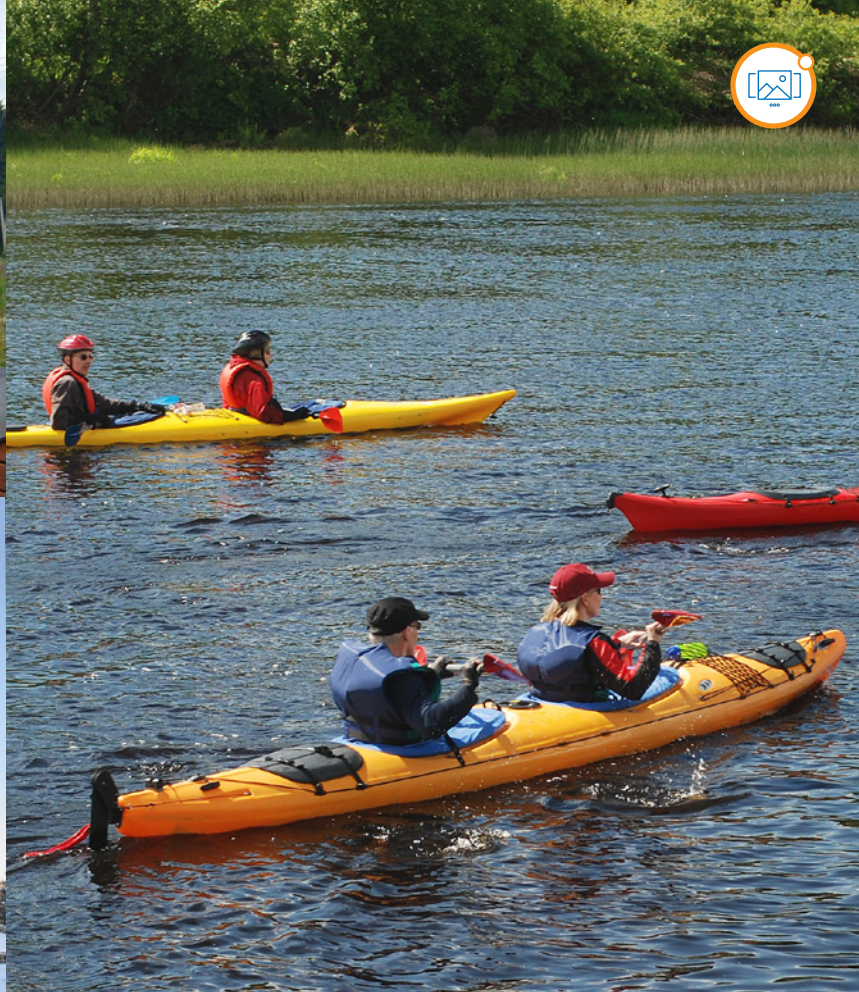

We value the essential services. A new day care and preschool is in the works next to the current education complex. In the morning, families can drop off their children, from toddlers to teenagers, at the same address. The education complex includes a library and sports facilities for all ages.

Jokihelmi education centre offers diverse courses for culture lovers. Young people enjoy the activities of the 4H association. A wide range of smaller organisations will also be thrilled to welcome newcomers.

Famous for its scenery, fishing and photography locations, Pyhäkoski is just one example of the exquisite nature of Merijärvi. In the winter, Ristivuori is the place for cross-country and downhill skiing. Jogging and cycling are also popular in Merijärvi.

Merijärvi's greatest strength comes from its people. The residents' enthusiasm, activeness and sense of community are reflected in our round-the-year events. Merijärvi's marketplace attracts visitors from near and far.
